LESSON 1

1.1 AUpdate Setup

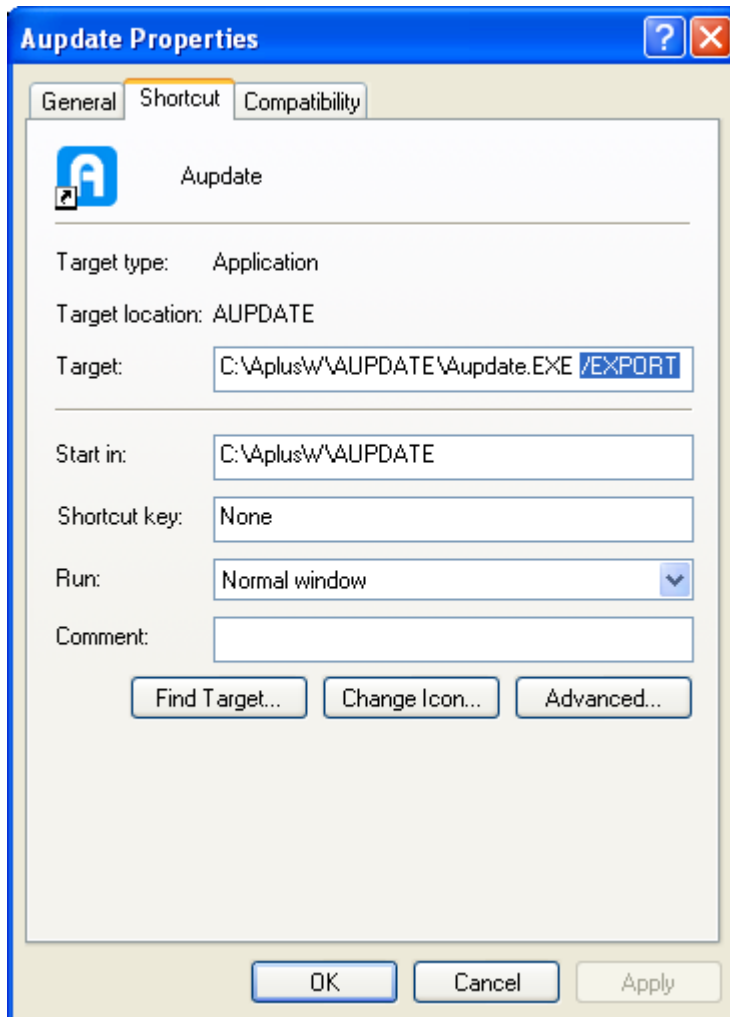

The screenshot shows a Windows-style dialog box titled "Setup". It has a blue title bar with a close button (X) in the top right corner. The main area is light beige and contains four input fields and two buttons. The first field is "Export From" with a dropdown arrow, showing the path "C:\AplusW\As5\DATA\". The second field is "Branch ID" with a text input containing "BR1". The third field is "Branch Name" with a text input containing "APLUS TRADING COMPANY". The fourth field is "Disk Drive" with a dropdown arrow, showing "D:\". At the bottom, there are two buttons: "Save" and "Close".

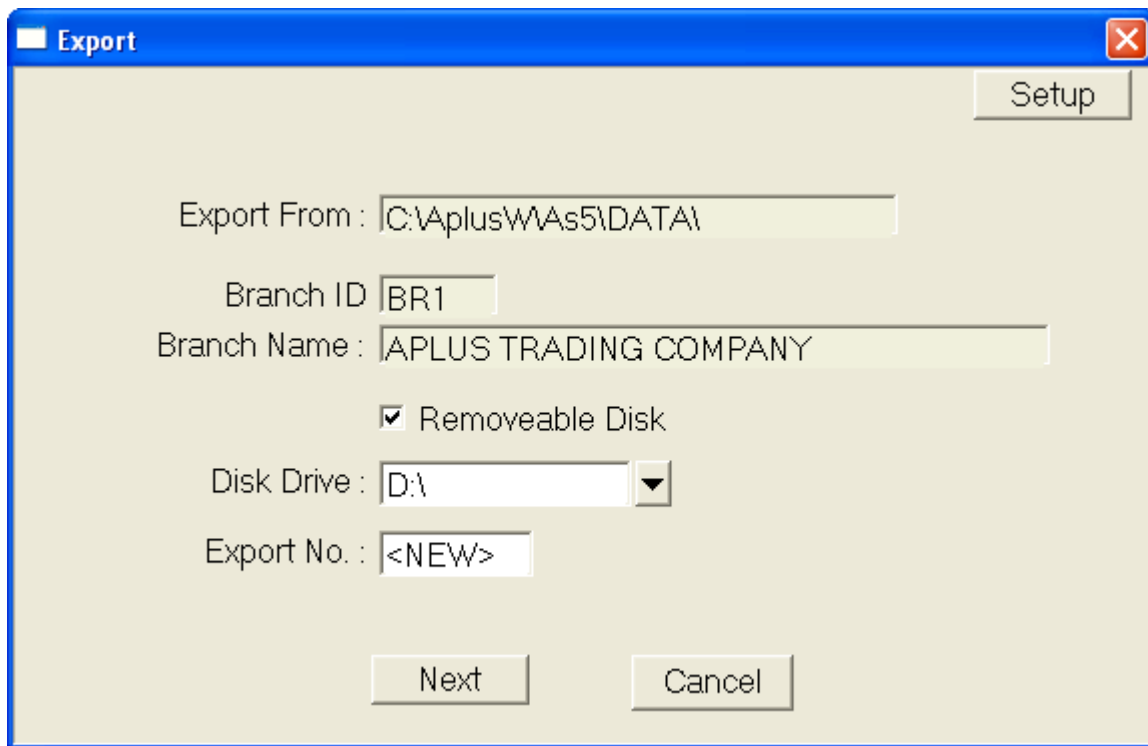

- a) Set the path at **“Export From” (Company Folder)**
- b) Set the **“Branch ID”**
- c) Set the path at **“Disk Drive” (Backup File Directory)**
- d) Click **“Save”** button to save the setting

1.2 Setup AUpdate Export

1. Create shortcut from **AUpdate.EXE**. Then, **right click** at the shortcut AUpdate and the go to **Properties**

- Create **"/EXPORT"** at target
- Click **"Apply"** button and the **"OK"** button

The image shows a Windows-style dialog box titled "Export". It has a blue title bar with a close button (X) in the top right corner. The main area is light beige. In the top right corner of the dialog, there is a "Setup" button. The dialog contains several input fields and a checkbox. The "Export From" field is a text box containing "C:\Aplus\WAs5\DATA\". Below it, the "Branch ID" field is a text box containing "BR1". The "Branch Name" field is a text box containing "APLUS TRADING COMPANY". Below the branch name, there is a checkbox labeled "Removeable Disk" which is checked. Below the checkbox, the "Disk Drive" field is a dropdown menu showing "D:\". At the bottom of the input fields, the "Export No." field is a text box containing "<NEW>". At the bottom of the dialog, there are two buttons: "Next" and "Cancel".

Export
